

Presenting a Role Model to Really Follow....
ARISE music arts communication

Workshops & Curriculum

ARISE defines and develops the shaping forces of music with fundamental elements of all art expression to inspire direct human communication, to integrate educational enrichment, to encourage social exchange among people of all ages, backgrounds, and cultures throughout the world.

“The Shaping Forces of Music Create the Face of a HERO.”

“I developed ARISE, A-Round-In-Sound-Enterprise, in London in 1980, working with children from around the world. Workshops and lessons often turn into multi media stage events, concerts, or TV productions that originate on a local level with a universal appeal.”

– Susan drennan Gabriel bunn, ARISE Creator

“Keeping it GREEN from the Inside Out.”
